NEW YORK, Feb. 21 .- The Tribune's pecial says: General Terry has testified before the oduce a new freedmen's bureau bil oday incorporating Presidential fea-

o-day incorporating Presidential rea-jures.

Brig.-Gen. Gregory, Assistant Com-missioner of the Freedmen's Bureau for the State of Texas, under date Galves-ton January 31st, reports to Gen. How-ard a very satisfactory state of affairs throughout the State.

The Second Comptroller yesterday decided that disbursing officers when paying fees to witnesses, are not re-quired to deduct therefrom the 5 per cent revenue tax, as such fees are not

quired to deduct therefrom the 5 per cent revenue tax, as such fees are not of the nature of the salary to a Government officer. The same officer, in reply to an inquiry addressed him by an American temporarily residing in Syria, as to whether he has forfeited his claim to the bounty provided by law in the case of his deceased son who died in the military service of the United States, leaving neither wife nor child, has decided that no citizen temporarily a resident of any foreign country, forfeits his rights to bounty due his son killed in the military service of the United States, and that it will be paid on proper application.

States, and that it will be paid on proper application.

The reply of Secretary Seward to Mr. Bigelow's dispatch, enclosing the speech of the Emperor Napoleon in reference to Mexican affairs, has been printed, and will be forwarded to Europe to-day. Mr. Seward alludes, with considerable severity, to and denies the assertion of the Emperor that our government had been invited to join France in her Mexican intervention before the introduction of the French forces into the army of Maximilian.

The Herald's Rio Janeiro correspondent of the 2d, states that General Wood, the agent of a number of sonthern associations of emigrants on his exploring trip, on his arrival at Rio Janeiro, was received with courtesy and attention by the officials, and the General lad an interview with the Emperor and all his ministers and received promises

General Wood and party passed into the interior of the country to make an inspection of it, transportation being furnished tham gratuitously, and in all the powers they were received with ovations, entertained at balls and dinners and enthusiastically welcomed. The General will report favorably in the projected emigration thither.

The Tribune's special says:

The enormous amounts paid by the government during the war and now being audited here, are shown by the fact that the accounts of Col. Crossman, of Philadelphia, now at the 3d Auditor's office, involved disbursements to the amount of \$97000,000 or over, \$250,000 per month for clothing and army supplies.

J. S. RHODES.

Washington, Feb. 21, 1866.

SENATE, Mr. Hunter, from the Committee Foreign Relations, reported the House joint resolution to encourage and fa-cilitate telegraphic communication be-tween the Eastern and Western conti-nent, which was passed with some

tween the Eastern and Western continent, which was passed with some
slight verbal amendments.

Mr. Fessenden moved that the regular order, which was the Constitutional
Amendment in relation to reconstruction, be postponed, and the Senate
proceeded to the consideration of the
concurrant resolution of the House,
providing that until Congress shall so
decide, Senators and Representatives
from lately rebellions States shall be
admitted to the Halls of Congress.

This gave rise to some discussion
which ended in the concurrent resolu-

diers and seamen of the United States, by whose valor and endeavors on the land and on the sea the rebellion has been crushed, and the proud power humbled; by whose fidelity to the cause of freedom the government and the people has been preserved and maintained, and by whose orders returned from fields of blood and carnage, to the peaceful pursuits of private life, exalting and enobling the influences of free institutions upon the nation, have

Mr. Garfield, of Ohio, caused to be read a telegram from Columbus, Ohio, giving the resolution of a caucus of the Union members of the Legislature of that State. The rosolution recognizes the action of the Union republicans in the exposition of their principles.

The House by a vote of 108 against 37, laid on the table the motion to reconsider the vote by which the House yesterday passed a resolution to the effect that no Senator or Representative shall be admitted into either branch of Congress from any of the late rebellious States until Congress shall have first declared such States entitled to such representation.

Mr. Davis called up the contested representation.

Mr. Davis called up the contested election case from Indiana, concluding with a resolution that Daniel W. Voorhees is not entitled to the seat now held

by him, but that Henry L. Washburne is entitled to the seat.

Spirit of the Stock Market. NEW YORK, Feb. 21.—The Commercial says: The late large sales of gold by the sub-treasury, continue to affect the money market sharply. Some of the banks find themselves pinched by the heavy checks drawn in payment for purchased gold, and their loanable resources are correspondingly. curtalled. purchased gold, and their loanable resources are correspondingly curtailed. The report that some banks had requested the assistant treasurer to waive the ten days notice upon their certificates of deposits, is erroneous. In case of such application being made, Mr. Van Dycke would show every disposition to wait the case. The funds in the sub-treasury are ample, and would, we doubt not, be found available should the emergency require it. This morning the inquiry for call loans has been quite active, and 7 per cent, has been paid freely on stock collaterals. There is, however, no disposition to disturb outstanding 6 per cent, loans, the present flurry being regarded as only temporary. The withdrawal of currency from the sub-treasury on account of the To arrive TEN CASES LOOKING GLASSES porary. The withdrawal of currency from the sub-treasury on account of the 7-30 interest due on the 15th inst., has been nearly nominal, and the total up to the present time being only about one million dollars. The national banks have received a large amount o

one million dollars. The national banks have received a large amount of coupons, for which, however, they have received from Washington no currency and returns calculated to afford them ease under the present prices. The stringency in the money has checked the stock market. In the money board some considerable sales were made, and the market was on an average 1 per cent. lower. After the Board there was a better feeling, and a partial recovery in prices. Cleveland and Pittsburgh sold largely, and declined 13%. Government stocks are depressed in sympathy with the paper in the money market.—Discounts are quiet. There is a moderate amount of the better class of paper offering with a fair inquiry, at 7% 7½ per cent. for good names, and 10%18 per cent. for lower grades. The decline in the supply of paper indicates a contraction of credit in mercantile circles—Foreign exchange is nominal, as usual, on the sailing day of ateamers. The leading brokers quote 60 days's sterling at 108%, which appears to be above the yiews of buyers. Frices are quoted at \$40%1, long date; 3-5, short date. Gold

the price is steady at 137%. There no pressure to sell. Three per cent. paid for carrying gold.

Washington, Feb. 2L—An alleged defaulter from Jacksonville, Morgan county, Illinois, named E. Dawson was arrrested in New York. The prisoner was appervisor and collector for Jacksonville, and it is alleged he decamped on the Illi inst, with \$7,000 of the public money. About \$4,000 were found in his possession. He is held to await a requisition from the Illinois authorities
